NOTICE OF POWER INTERRUPTION

Testing Primary Lines

We will be interrupting the electrical power supply to your home or place of business in order that we may safely perform work on the electrical distribution system in your area.

Date: Friday November 7, 2008

Time Off: **9:00 am and 12:00 noon**
Several short outages

Location: **110 to 130 Pine St, Dunnville**
208 to 240 Lock St W, Dunnville
Approx 30 customers

Rain Date: Monday November 10, 2008

The power at your home or place of business may go on and off several times between 9:00 am and noon. We recommend customers unplug any electronic equipment that will not be required during this period. Every effort will be made to keep the interruption as short as possible, however unexpected circumstances may give rise to lengthier delays in the restoration of power.

Please note that, electric or electronic clocks, alarm systems, some appliances and heating and cooling systems etc. require resetting when the power supply resumes.

Ensure that vehicles are removed from garages as electric garage doors will not open during the interruption in power.

If you have any concerns regarding the interruption, please call our office. We apologize for any inconvenience this may cause.

Thank you
